How to Load your Christmas Tree

Make sure your tree is disassembled and the sections are fully compressed.

Three Section Tree

Four Section Tree

Five Section Tree

1 Disassemble your tree and fully compress the sections.

2 Insert the largest tree section into the bag.

3 Insert the next largest tree section opposite of the first.

4 Insert the tree top and stand in the remaining space.

WARNING

To avoid tearing the bag with your tree trunk make sure to place trunk centered in the bottom of the bag near the wheels.
